

Juniper Energy Board Minutes - compiled archive

Page 1: Phase I closeout

Phase I operated 18 turbines. This completed phase is not the procurement under review.

A maintenance interval of 9 months applies only to Phase I gearboxes.

Page 2: Juniper Bay offshore concept

The Bay concept considered 24 offshore units and a 15-year service package.

No Bay figure applies to Rowan County or Juniper Ridge Phase II.

Page 3: Phase II preliminary R2

R2 considered 16 turbines; the resolution was tabled and later superseded.

An unsigned appendix discussed a 33 percent capacity factor.

Page 4: Phase II approved R4 resolution

Resolution JR-II-R4 authorizes procurement of 14 turbines for Rowan County.

The commercial rating and price remain in the vendor workbook.

Approved by recorded vote 7-1 on 2026-06-18.

Page 5: Matters deferred

Warranty terms were delegated to the signed commercial addendum.

The decommissioning bond was deferred to a future resolution.
